

Identify and recycle all **MERCURY CONTAINING DEVICES** in your home – they can be harmful to children if misused or broken.

When **CUTTING OR SANDING TREATED LUMBER**, never let your kids play around the sawdust. Use a broom, not a vacuum, to clean up.

**WET SCRAPE, DON'T SAND, PAINTED SURFACES.** If your home was built before 1978, assume the paint contains lead. Collect all paint chips and put them in a sealed bag.

Use **LOW-ODOR, LATEX PAINTS** and don't let kids breathe the vapors.

# Be aware when you repair.
